Training and Certification

I-CAR Aluminum & Steel Welding Training

Learn welding techniques, weld defect corrections, safety tips and more. Check with I-CAR for language availability in your region. Steel welding training currently available in North America only.

Already have I-CAR WCA03 or WCS03 certification? Your certification is recognized by Tesla for two years from date of issue. (Certification is recognized by I-CAR for five years.)

Online Training

- Electrical Fundamentals
- High Voltage Disablement
- Pyrotechnic Battery
- Mechanical, Electrical and Trim
- Structural Repair
- Structural Welding
- Toolbox
- Electronic Parts Catalog

Body Repair Training Program

Online Training Requirements

Primary Shop Satellite Shop

- ● **Electrical Fundamentals**
Learn basic electrical terms, concepts and safety information
- ● **HV Disablement**
Learn procedures and safety considerations for performing high voltage disablement
